

## 2014 ENHANCEMENT GRANT APPLICATION FOLLOW-UP REPORT

### Pittsburgh Presbytery

#### Follow-up Section

---

We agree to provide the following information at the end of the grant year:

1. What was the purpose for which the grant money was awarded?
2. How was the money specifically used? (Example: If the money was awarded to purchase media equipment, what equipment was purchased and how is it being used?)
3. What impact did this have on helping your church reach out to the community? (We would appreciate feedback on specific numbers when possible. Example: If your grant was awarded to start an After School Program, how many children are participating in the program?)

In addition to evaluating the effectiveness of this grant, we hope to highlight for the presbytery some of the good ministry these grants have helped make possible. We would like to share the joy of God's work among us through the ministries these grants have supported.
